***We are making plans for the next 5 years and want to get your input!***

The Washington State Department of Community, Trade and Economic Development (CTED) is developing the state's Five-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD) this fall.

The Consolidated Plan will describe how the State will optimize federal housing and community development resources including Community Development Block Grants (CDBG), Emergency Shelter Grants (ESG), HOME Investment Partnership Funds (HOME) and Housing Opportunities for Persons with AIDS (HOPWA) and other resources.

To ensure CTED is targeting these resources most effectively, five regional meetings are being held across the state to seek input from individuals, organizations and local governments who partner with us to meet the housing and community development needs of the state.

The five meetings will be held from **1-4pm** at the following locations:
